

Randwick Runway

Learning the habits to take off and fly high!

Randwick Primary School: Resilience, Passion, Success

Randwick C of E Primary School is small, friendly and outward looking: our aim for everyone is to fly high through practise, hard work and self-belief; we are passionate about what we do.

On Friday afternoons, children join together in a team aged from 5 - 11 to work on a project, supported by staff and volunteers, which allows them to develop all aspects of their learning in a very real and meaningful way.

The 6 projects are:

- ❖ Randwick's International Café: market, supply, open and run a café for the people of Randwick on the last Friday afternoon of each half term.
- ❖ Randwick Values: creating an animated stop-animation film which exemplifies the value for the term 9of our 12 vlaues for life).
- ❖ Randwick Art Gallery: children work on a collective piece of art or sculpture
- ❖ Happy Randwick: learning about the 10 keys for happier living (see Action for Happiness website)
- ❖ Randwick Volunteer Service: volunteering in the community and in school, doing something positive for others.
- ❖ Randwick Enterprises: marketing and selling a product with a £5 starter loan.

On the last Friday of each half term the school opens its doors to parents, carers and members of the community to come find out about all these projects.
