Parents' Evenings

We have had to change these because of a change of date to the residential for Sparrowhawks. Parents' evenings will now take place on Monday June 14th and Wednesday June 16th 330 -630pm for Hawks, Owls and Kestrels, Buzzards on 24th & 26th May. We will send out information via SchoolSpider nearer the time.

Sponsored Run

On Friday 14th May, our wonderful PFORs team have organised for all the children to run around a short course on the playing field by the village hall. Children can run or walk and we hope they are collecting sponsorship form friends and family which will help pay for resources used by the children in school (including, for example, a class set of xylophones to help them learn to read and play music. All children should come to school next Friday in their PE kit. PFORs have arranged for a drink and snack to be available after the run, and they will also take their water bottles. We have access to water and toilets at the village hall. We will be back at school by the end of the day.

Staffing

Mrs Hilary Ryan-Ball will be leaving us at the end of this term as Miss Robyn Aldous returns from maternity leave in the summer term. Hilary has coped with the children returning from lockdown 1, and then remote learning during lockdown 2, and she has been amazing throughout her time here and will be hugely missed by all of us. Miss Aldous and Mrs Smith will be managing the teaching in Buzzards in the summer term. Mrs Lise Nielsen, our School Business Manager, is now working from 0800 until 1600 Monday to Thursday and we are appointing for an administrator to work on Fridays in the near future. In the interim, we are being supported by Mrs Chris Byard on Fridays, who currently works as SBM at another primary school.

Sparrowhawks Evacuee Trip 18th May

Reminder to Sparrowhawk parents' to please pay for the school trip.

Buzzard Class

In Science this week, Buzzards have been experimenting with materials and learning about magnets. We had fun creating our own games using our magnet knowledge.

Kestrel Class

Kestrel class enjoyed finding out about more about flowering plants in science this week. The children worked in pairs to dissect a lily and identify the different parts and the roles they

Weekly Awards

Hail at Randwick Yesterday

WEEKLY AWARDS

Holly for trying and working really hard in Maths with arrays
